PATRIOTIC MEETING FOR LIBERTY BONDS TO-MORROW.

Every citizen in Paris and Bourbon county is invited and urgently requested to be present at the court house at two o'clock to-morrow (Wednesday) afternoon, when a big patriotic mass-meeting in the interest of the Liberty Loan Bonds will be held.

The meeting has been planned under the direction of Mr. A. B. Hancock, of Paris, local Chairman of the National Council of Defense, assisted by members of the Bourbon County Business Mens' Club and patriotic citizens of all classes.

Stirring and inspiring music will be furnished by the Boys' Band from the Odd Fellows' Home, at Lexington, which has been heard here on several occasions, and a program of patriotic songs will be rendered by a picked choir under the personal direction of Mr. A. L. Boatright, which is assurance of excellence in itself. Pupils of the Paris school are being trained in patriotic exercises for the occasion by Miss Leora Wiard, Director of Music at the Paris High School, which will add greatly to the entertainment.

A movement is being agitated to have all the business houses of Paris closed and stay closed during exercises, so that everybody may have a chance to show their patriotism. Arrangements have been made with Mr. J. Will Stoll, of Lexington, Chairman of the Liberty Loan Committee of the Fourth Federal Reserve District to send a noted speaker to take part in the exercises and to tell our people the urgent necessity for a generous response to the Liberty Loan subscriptions.

A big parade, headed by the Boys' Band, from the Lexington Odd Fellows' Home, has been arranged. The parade will form at Twelfth and Main streets, and march down Main to the court house. All citizens are requested to take part in this parade, and are asked to be at Twelfth and Main promptly at 1:30 o'clock Wednesday afternoon. The parade is calculated to awaken latent enthusiasm and promote interest in the big patriotic mass meeting.

The following program will be rendered at this meeting:

Music—I. O. O. F. Band; Star Spangled Banner, by Mr. Boatright and choirs from the different churches and other local singers; Prayer, by Rev. J. J. Rice, pastor of Paris, Presbyterian church; Song by Public School chorus, (conducted by Miss Wiard); Statement of Progress of the Liberty Loan, by John T. Collins, Chairman Finance Committee; Song by Public School chorus, (conducted by Miss Wiard); Introduction, by Hon. E. M. Dickson; Address by Rev. Richard Wilkinson, of Lexington; "America," by Mr. Boatright, chorus and audience; "Dixie," by I. O. O. F. Band; Benediction.

MAYOR'S PROCLAMATION.

By virtue of the authority vested in me as Mayor of the City of Paris, I hereby earnestly request all the business men of the city to close their business houses to-morrow afternoon, at or before two o'clock, and give their employees a chance to attend the patriotic mass meeting to be held at the court house at that hour.

This is a time when there should be no quibbling, and none should be backward in helping our country. This meeting is for the purpose of promoting interest and furthering the subscriptions for the Liberty Loan Bonds, and no business man should refuse to close his house and together with his employees attend this meeting.

J. T. HINTON,
Mayor of Paris.

SCOTT COUNTY BANK CASHIER CONVICTED.

Thurman L. Southgate, former cashier of the People's Bank of Stamping Ground, was found guilty of embezzling \$1,500 from Oldham & Son, millers, of Stamping Ground, by jury in the Scott Circuit Court, at Georgetown, Friday. This was one of fifteen charges against Southworth, because of whose defalcation the bank was closed in 1914. The jury composed of Woodford county men, was out five minutes. The remaining indictments probably will be filed away.

HORSEMEN VOTE TO BUY BLOCK OF LIBERTY BONDS.

Directors of the Thoroughbred Horse Association at a meeting held in Lexington, Saturday, voted to devote an additional \$2,000 of its funds to the purchase of Liberty Loan Bonds. Secretary Thomas B. Cromwell was authorized to subscribe for the bonds.

Vice President A. B. Hancock, of Paris, was authorized to treat with General Manager John Hachmeister of the Latonia Jockey Club, concerning changes in the wording of the conditions of the Latonia Championship Stakes for 1919.

PARIS BOY IN NAVY ATTESTS HIS APPRECIATION.

Hearty and enthusiastic appreciation is attested in a letter to Mrs. Swift Champe, of this city, written on the U. S. S. "Oklahoma," somewhere on the Atlantic station by a Paris jack-tar, Edward Fitzpatrick, who, by the way, is THE BOURBON NEWS' contribution to the service of Uncle Sam.

Some time ago Mrs. Champe and Mrs. Frederick Wallis undertook the work of making a set of comfort garments for some of the Bourbon boys who are in the service, and as a result there was soon fashioned a complete set of navy togs comprising sweater, cap, wristlets, etc., just the things for a young lad to don when the chilly ocean winds are testing out every ounce of his young strength.

Edward Fitzpatrick.

and whistling in the dead watches of the night like all furies possessed. The outfit was neatly packed and forwarded to Mr. Fitzpatrick several weeks ago, and for a time it was thought they possibly had not reached their destination, as no reply had been received from the Jackie for whom they were made. A few days ago the following letter was received under date of Sept. 30, although the postmark on the envelope shows it had been mailed at Seaford, Va., on Oct. 17:

United States Ship Oklahoma,
Sept. 30, 1917.

Mrs. Swift Champe,
Paris, Ky.

Dear Mrs. Champe.

I was greatly pleased and delighted when the box came containing the nice outfit you sent me, and I am certainly thankful for the knitted togs, as you could not have sent me anything more useful or anything that I appreciate more. * * * You have certainly been doing your part, and if everyone tried to do their share like you every soldier and every lad in the navy would have some comfort.

"We each have to stand four hours watch on the guns when the ship goes to sea, and it certainly does get chilly from midnight to four in the morning, and three of four hundred miles from land the wind has nothing to stop it, and it almost blows us off our feet. The things you sent me will be more than appreciated under these circumstances. I am thanking you a thousand times for your kind remembrances and wishing that every other boy in the navy was so fortunate."

"Sincerely Yours,
ED. FITZPATRICK."

When the first call went out for recruits for the navy, Ed. Fitzpatrick, Ed. Doty and W. O. Pennington, of Paris, were among the first to sign the papers transferring them to the services of the United States navy. They needed no incentive, other than a desire to serve their country in any capacity they could, and the life of a sailor appealing to them they made the jump. From letters they have written back, and from conversations with Pennington, who was in Paris some time ago on a furlough the boys are contented and are making good. They are young men of pluck and nerve and will not be found wanting when the time comes for them to prove their fitness and courage.

MISS CLAY'S MILITARY CLASS PICTURED IN COURIER-JOURNAL.

Sunday's Courier-Journal has an excellent half-tone cut showing Miss Alice Rogers Clay, of Paris, and her class in military training, with hands raised at the regulation, "salute." The photo is accompanied by the following comment:

"As a result of her military training received at Chevy Chase College, near Washington, D. C., Miss Alice Rogers Clay, daughter of the late Sidney G. Clay, organized a class in military training at Paris this summer, and, following persistent drilling, they have gained a remarkable degree of efficiency. Reading from left to right in the accompanying photograph the members of the company are: Miss Mary Bashford, Miss Margaret Griffith, Mrs. Harry Kerslake, Mrs. A. B. BOURBON SENDS SEVEN MORE TO CAMP TAYLOR.

In charge of Captain Paul Brannon, of Paris, seven young men from the city and county, called in the second draft under the selective act, left for Camp Zachary Taylor, at Louisville, Saturday morning, to report for duty.

The delegation was composed of Paul Brannon, William Henry Hill, Emmet D. Kiser, Henry Edwin Ward, Herbert Perkins, Robert Dotson and John W. Rapp. They were placed in charge of Paul Brannon, who had them under his supervision until they reached the camp at Louisville.

Before leaving they were presented with a generous supply of tobacco, cigarettes and toilet articles, through contribution from the people of Paris and the county. Five of the seven men had been in Canada, on the E. F. Spears & Sons' ranch, and two were unavoidably absent from the city when the regular quota was sent to Camp Zachary Taylor.

While the others in this city and county know that they will be called for service, yet they "know not the day nor the hour," as the official notices have not yet been issued, and they do not know when the summons will come. But they will be ready when Uncle Sam says "Come on, boys!"

CELEBRATE GOLDEN WEDDING

Mr. and Mrs. Charles Stephens celebrated their golden wedding yesterday at their home on Stoner avenue, surrounded by their children and a few intimate friends, only the members of the two family circles, the Miller and Stephens family, being present.

The house was beautifully and tastily decorated for the occasion.

Among those from out-of-town who were present were: Dr. and Mrs. Barclay Stephens and children, and Dr. and Mrs. John Miller Stephens, of California. Dr. C. Joy Stephens, wife of California, could not

be present. In every part of the country and the city the campaign illness is going on, urged on by the helpful work of the loyal and devoted women of Paris and Bourbon county.

Mr. and Mrs. Stephens were married in Paris on October 27, 1867, and the celebration yesterday was commemorative of fifty years of happy "slackers" in the purchase of these wedded life. They are among the most highly respected and prominent people of this community, and have many more years of happiness.

PEOPLE WARNED OF SERIOUS SHORTAGE OF SUGAR.

Formal warning was issued at Chicago, Saturday, on instruction from the offices of Food Administrator Hoover, that a sugar famine is upon the country and that the moment of American's first self-denial in the matter of food has arrived.

The warning states that manufacturers using sugar in their products are closing down and that thousands of persons are threatened with temporary loss of employment. Individuals as well as dealers are called upon to do with the absolute minimum of the product. It was announced that as the Atlantic States have the greatest scarcity, best sugar from the West will be rushed first to that section.

Representative Paris grocers and Mr. H. A. Power, head of the Power Wholesale Grocery Co., in commenting on the situation, stated that a reaction was sure to take place, and until that time it would be advisable for people to use just as little sugar as they can possibly get along with. They stated that hoarding of supplies of sugar would be inadvisable, as the prices are bound to come down soon, and the stringency relieved.

BIBLE SCHOOL CONFERENCE.

The Quarterly Conference of the Bourbon County Christian Bible School Association convened at the Paris Christian church yesterday morning, with a large number of delegates present. The morning session was opened with devotional exercises, followed by reading of the minutes of the last session by the secretary, Miss Daisy Detwiller, of North Middletown, and the roll-call of schools, to which all responded. Mr. W. O. Hinton, of Paris, addressed the conference on the subject, "The Adult Class," followed by an address on "Temperance" by Mrs. Clarence Maxwell, of Little Rock, and "American Missions" by A. L. Boatright, of Paris.

After the routine business session Mr. Horace Kingsbury, of Louisville, addressed the assembly on the subject, "A Message From the State Superintendent." An adjournment was then taken to the church dining rooms, where a luncheon was served by the ladies of the church.

The afternoon session was opened with devotional exercises, conducted by Rev. J. R. Jones, of Mt. Carmel and Ruddles Mills churches. Prof. Thos. A. Hendricks, Superintendent of the Paris City Schools, and a leading Sunday School worker, delivered an address, "A Message From the State President," followed by Mrs. Horace Kingsbury, of Louisville, on the subject, "The Standard of Efficiency." Responses by the superintendents of the various Sunday schools formed a large part of the proceedings following this address. Eld. Frank M. Tinder, pastor of the North Middletown Christian church, delivered an interesting address on "Evangelism." Rev. W. A. Wolfe, pastor of the Little Rock Christian church, delivered the closing message to the conference, and after pronouncing the benediction, the conference closed, to meet again in October, 1918.

A special feature of the conference was the excellent song service rendered under the direction of Mr. A. L. Boatright, of Paris.

FOUR-MINUTE SPEAKERS TELL OF LIBERTY LOAN.

In pursuance of the plan to have a number of local speakers make four-minute speeches on the Liberty Loan, Judge Denis Dundon opened with a four-minute talk at The Alamo Theatre, Friday afternoon that was full of meat and caught the large audience. At the Grand Opera House, Friday night, Mr. E. M. Dickson made a splendid talk and if the wishes of the audience had been consulted, he could have made it fifteen minutes. At the Grand, Saturday night, Attorney John J. Williams made a telling four-minute talk, replete with valuable lessons in patriotism and compressing into four-minutes a fund of good things that might have been spread out much longer. All the speakers were heartily applauded and their remarks were highly appreciated by attentive audiences.

RUSSIAN FLEET ESCAPES.

PETROGRAD, Oct. 22.—The Russians have succeeded in getting all their ships, except observation elements, out of Moon Sound without losses and in perfect order, according to an official statement issued by the Marine Department. The communication says that Oesel and Moon Island have definitely passed into the hands of the Germans, but that the military operations on Dago Island are being hampered by topographical conditions, notably the marshy ground.

GOVERNOR PROCLAIMS OCT. 24 "LIBERTY DAY."

Governor Stanley on Friday afternoon, issued a proclamation, designating next Wednesday, Oct. 24, as "Liberty Day," and calling on the people of Kentucky to observe the day in conformity with the request of President Wilson in the interest of the second Liberty Loan. The proclamation follows:

"To the People of Kentucky,

"Whereas, The United States of America in defense of ancient and long-established rights and privileges, its integrity as a nation and the honor of its flag, has been forced reluctantly to declare that a state of war exists between these United States and the Imperial German Government, and,

"Whereas, The future independence and prosperity of this country and the maintenance intact of those institutions by which our liberties are maintained and preserved depend at this hour upon the sacrifice of the citizens and the valor of

"Whereas, Men and money alike are essential to a victory to which we have already pledged our lives and our fortunes,

"Now, Therefore, I, A. O. Stanley, Governor of this Commonwealth, proclaim Wednesday, October the twenty-fourth, as a legal holiday to be known as 'Liberty Day,' and direct that the same be properly observed by the citizens of this Commonwealth.

"All, however willing, cannot serve upon the field of battle. Armies are not self-sustaining. They must be provided with all things necessary to their efficiency and success by a generous Government for whose perpetuity they willingly risk their lives and endure the perils and privations of camp and field. It is the imperative duty of every citizen in proportion to his means, to answer this national call of his country. Let every patriotic Kentuckian first do his duty that he may the better urge his neighbor to emulate his example."

EDITORIAL MUSINGS.

Introspective and Retrospective. Now, what would you like for us to say to you in this issue? Something pleasant, you say? Of course you would—that's one of the great troubles with all of us. We want the sunny spots in the winter and the shady spots in the summer, and we forget to think of the troubles and miseries of someone else just around the corner. Sometimes we become weary of this humdrum daily existence and forget to whitewash our words, and then we speak as we think, and it does not sound very good to the other fellow—not to us, either, for the simple reason that it is only too true.

Now, if we are overwary to-day, and if the pen is dipped in the acid of observation and experience you will at least have the consolation of knowing that we love you, though we chastise you for your shortcomings.

When we turn our horses and cattle out to graze we head them for the spot where the grass is green and the feed is wholesome. We are careful of their welfare for they are an asset, they are things of value, they represent more dollars to add to our bank rolls.

When the old hen come off the nest with a brood of little chicks we beset ourselves and guard them religiously from the sharp fangs of the hungry marauder. In this we emulate the example of the mother hen, and it is good to see and good to do.

When the cat delivers to us a basket of fuzzy little kittens, helpless in their blindness, we take them into our homes, and fondle them, and mother them, and give them a warm bed in back of the kitchen stove—for our hearts go out to the tender little things.

And so it is with every thing of life that brings money, or recreation or amusement into the home. We give them our care, our attention, our solicitude. For, as we said before, they are an asset, one way or another.

But what of our children? What of the little ones whom we ourselves have brought into the world, for whom we are alone responsible and accountable? What care and attention are we bestowing upon them that they in the after years may taste of the sweeter joys of life? No, we can hardly term them an asset for they are even greater and more precious than all assets—they are our flesh and blood.

There are fathers and mothers in Paris whom no human being could

criticise justly in their handling of their offsprings. They give as they have or as they are able to get, the best of everything for the child. No care is too great, no attention is too insignificant in their efforts to shield it from the snares of life and yet have it develop into a real man or woman of honor, integrity and usefulness.

But, again, there are others—quite others. We see young boys running wild and imbibing the vices of manhood, smoking, swearing, drinking, gambling, swaggering, using language too vile for print. No, they are not assets either. They are just somebody's kids, kids of somebody who doesn't deserve kids. But they, too, are somebody's flesh and blood, and should be given the care that will make them, too, useful men and women.

If the parents of these boys cannot see the hell of the future in store for them if they continue their present course, isn't it possible for the community at large to do something to save them? Are they, young humans, not as valuable in our sight as the horse, the cow, the chick or the kitten? There are many loving mothers and fathers in this community who can find a way, if they choose. But will they? We make this suggestion in a spirit of fairness and humanity, that something practical and beneficial may be done for "somebody's kids." Will you do it?

Our False Security.

Nations are like individuals—they often imagine themselves immune from danger right at the time when they are in the greatest jeopardy. It is so with the United States to-day. There is a lull in the German situation, Japan has had nothing to say for a few weeks, and Mexico appears to be taking a siesta. Hence, without looking beneath the surface, we jump to the conclusion that "everything is fine and the dove is flirting with the American Eagle." But just before every disastrous storm there is a lull, with scarcely a ripple on the water, with not a leaf stirring. We appear to be indifferently sleeping in such a lull to-day, giving no heed to the tempest that may be roaring to-morrow. And in the end we will pay the price of our folly.

As To Universal Service.

A year ago only a handful of people could be found who were in favor of universal military service. Now the man who opposes such service is the exception. Americans are essentially a fair minded people when facts are brought forcibly to their attention, and this fact has been amply exemplified in the tremendous change of national sentiment regarding universal service. Daily papers of the great cities assert that the principal objection to universal service comes from the rural districts. But the daily papers are wrong. The young men of our community are on a par with those of other rural districts, and yet we unhesitatingly assert that no where in this broad land will be found a more unified or patriotic sentiment than that which exists in the hearts of our own young men. If the best interests of the country demand that each one, rich and poor alike, shall serve his six months in a training camp, then when the time comes we will find them stepping briskly to the front, with heads erect and eyes upon the flag of freedom. There will be no shirking, or quibbling, or hanging back on the part of our young men.

And The Women, Too!

The imminence of war for this country has brought our women to the front with a rush. Noble women! There never was anything on this earth to compare with them. Hundreds of thousands of them in all parts of the country have announced their readiness to serve their country in hospitals or anywhere else their services may be utilized to advantage. It is like them, it is what we might expect of them, and it is what will happen when the crucial moment arrives. There is no uncertainty as to the attitude of our women.

Cincinnati Authority Tells How to Dry Up Any Corn or Callous So It Lifts Right Off.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of Freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.

A quarter of an ounce of Freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callous. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

U. S. MINTS WORKING TWENTY-FOUR HOURS A DAY.

Demand for silver coin is so great that every mint in the country has been placed on a 24-hour-a-day basis to meet it. This has never been necessary before.

JUDGE FOR YOURSELF

Which Is Better—Try an Experiment or Profit By a Paris Citizen's Experience.

Something new is an experiment. Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now supposing you had a bad back. A lame, weak, or aching one. Would you experiment on it?

You will read of many so-called cures.

Endorsed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove local testimony.

Read this Paris case.

Floyd H. Rankin, grocer, Lilles-ton avenue and Lucas Street, Paris, says: "I have used Doan's Kidney Pills off and on for years and have been greatly benefitted by them. At time, I have suffered severely with kidney complaint. My back has often pained me and has been lame most all the time. The kidney secretions have been too frequent in passage and have greatly annoyed me. When ever I have been this way, I have always found that a box of Doan's Kidney Pills have never failed to cure me of the attack in short order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rankin had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

D. OF C. MEETING.

The meeting of the Richard Hawes Chapter, Daughters of Confederacy, at the Confederate room in the court house Saturday afternoon, was one of the most interesting that organization has held for some time. The president, Mrs. John J. Connell, presided.

The members of the Chapter, deplored the notoriety given to the condition of affairs at the Confederate Home at Pewee Valley, in regard to serving only two meals to the veterans, decided to make a money contribution and to have a "pantry shower" from the people of Bourbon county, they being asked to send contributions of good things to the Home for the use of the Confederate veterans.

Interesting reports of the proceeding of the State Convention held in Danville in September were given by the delegates to that body, Mrs. Russell Mann, Mrs. King Griffith and Mrs. Charles C. Leer. The report of the work of the Richard Hawes Chapter for the year was read by Mrs. Leer, the report showing it to be one of the most active in the State. Mrs. Thos. McDonald and Mrs. Russell Mann were elected as delegates to the National Convention of

the organization, which is to be held in Chattanooga, Tenn., in November. The members selected the second Tuesday in each month as the day on which they would sew for the Red Cross work. Mrs. Thos. McDonald was elected president of the Chapter, vice Mrs. John J. Connell, and Mrs. Connell was elected second vice-president, the terms of both officers having expired. The remaining officers who will serve in 1917-1918 are: First vice-president, Mrs. Wm. G. Talbott; secretary, Mrs. C. C. Leer; treasurer, Mrs. H. H. Hancock; historian, Mrs. Russell Mann.

At the conclusion of the business session a social hour was enjoyed, during which the members were served custard and individual cakes by Mrs. C. C. Leer and Miss Carroll Leer.

P. H. S. FOOTBALL TEAM AGREES TO DISAGREE.

Dissension and dissatisfaction arising in the ranks of the Paris High School football eleven has resulted in the team disbanding and cancelling their schedule for this season. It was given semi-officially as a reason for the team disbanding that they had taken a dislike to their coach, and consequently would not practice. One day they went to Millersburg, according to report, without having obtained permission, in order to witness the game between the M. M. I. and Mt. Sterling High School teams.

ALLEGED FORGER HELD OVER.

In Judge McMillan's Court, Saturday, James Vice, of Nicholas county, who was arrested in Cincinnati and brought back to Paris by Chief of Police Link on a charge of forgery, was given a hearing. Vice waived examination and was held to the November grand jury in \$200 bond.

Checks for various sums, with the name of Ben F. Buckner, manager of Edward Simms' Kalapa Farm, signed, are alleged to have been passed by Vice. The checks were pronounced clever forgeries by Mr. Buckner. Vice left Paris, but was located in Cincinnati by detectives and Chief of Police Link notified.

J. W. DAVIS & CO.**CATTLE RUN WILD.**

A bunch of 60 head of cattle run wild on South Main street, Saturday, and all entered the Paris Cemetery. The cattle did considerable damage to the lawn and graves in the city of the dead. These cattle belonged to the very same man who was recently arrested and fined for not complying with the city's ordinance in regard to driving cattle through the city. This bunch had only ONE man attending them. The law requires not less than three. This gentleman should be fined heavily next time, and should have his hands tied so he could not out-talk the officials, for if he couldn't use his hands in his conversation we don't think he could make much of an appeal for mercy.

DISTRICT MEETING OF Y. M. C. A. IN PARIS, THURSDAY.

At a meeting of representative and professional men from all over the State held in Louisville last week, plans were discussed for furthering the Y. M. C. A. army work for the soldiers of America, and the Allied armies now in the field.

In response to urgent appeals from the Allied armies for contributions to the field work the State Y. M. C. A. has determined to secure men and means for the establishment of the work.

To this end a district conference composed of representatives from the counties of Bourbon, Clark, Montgomery, Powell and Scott, will be held in the Y. M. C. A. building in Paris on next Thursday, Oct 25. The immediate object of this district meeting is not the raising of money. It will be a "get-together" meeting for conference, information, discussion and inspiration.

The Y. M. C. A. has outlined a methodical plan for the accomplishment of the stupendous work before it, in line with similar conferences that have already been held in other States. At the Louisville conference Kentucky was divided into twenty districts. At these conferences will be assembled men from each of the counties composing the district. A noonday lunch will be served the delegates in the Y. M. C. A. dining room at the conference in Paris, Thursday.

BACK TO OLD PRICES.

The old scale of admission prices at The Alamo Theatre and the Paris Grand has been restored, effective yesterday, after a two-weeks' trial of fifteen cents. The admission now is ten cents for adults and five cents for children, as before.

Despite the advance in prices tried by the management the attendance at both houses did not fall off very materially. The Jackson Trio was a decidedly classy attraction, amply repaying lovers of good music for the extra "buffalo" they invested in an admission ticket.

THINGS TO WORRY ABOUT.

We are just as good an American and as much of a patriot as anyone else in the good old U. S. A., but the lads and lasses who think they have to burst our eardrums and expect us to tear our clothes every time the flag is displayed on a movie screen give us a pain in the region not generally mentioned in polite circles.

KRESS BUILDING RAPIDLY APPROACHING COMPLETION.

The handsome new building of the S. H. Kress Co., located at the corner of Main and Sixth street, is rapidly nearing completion, and will probably be in shape for an formal opening on or about November 1. The general contractors, the F. H. McCormick Co., of Lexington, have rushed the work as fast as compatible with good work, and have succeeded well.

A force of expert salesmen from different Kress houses all over the country will be here to take charge of the clerical force, some of them being here now. HOOVER SAYS FOOD PRICES ARE TO DROP!

Food Administrator Hoover gave notice to the public that "the corner has been turned" in high food prices and that most of the essential commodities should continue to show reductions between now and the end of the year. At the same time he pointed out that retail prices are not going down in accord with wholesale reduction, and intimated that the consumer himself might correct this by bringing proper pressure to bear.

To aid the public in dealing with retailers who continue to extort war profits, the Food Administration now is collecting wholesale prices of all staples in 700 cities and soon will begin publishing them weekly for comparison with the retail figures.

Without further authority from Congress, Mr. Hoover said, the Government is powerless to control retailers, except those doing a business of more than \$100,000 a year. He did not care to discuss the question of whether Congress would be asked to extend his authority, saying he wanted to give the retailers a chance first.

SOUR STOMACH.

Eat slowly, masticate your food thoroughly, abstain from meat for a few days and in most cases the sour stomach will disappear. If it does not, take one of Chamberlain's Tablets immediately after supper. Red meats are most likely to cause sour stomach and you may find it best to cut them out.

Great Britain and France continue to push into the Hindenburg line despite the fact that they are not wanted.

CROUP.

If your children are subject to croup get a bottle of Chamberlain's Cough Remedy, and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief which it affords.

Famous German Spy

Now Held in Paris

Probably the most startling disclosures of international German intrigue recorded during the European War, have come to the public attention since the arrest of Paul Bolo, better known as Bolo Pasha, in Paris as a German spy. His activities in the United States and France mark him as the boldest secret agent of the Kaiser's government. Ambassador Jusserand has the evidence of his work here and this will be sent to France for use in his trial before a court martial. Attorney General Merton E. Lewis has furnished this evidence to the French Ambassador. Bolo had millions at his disposal to work out his international plots. This is one of the greatest of the

LET UNCLE SAM HAVE 'EM!

Secretary McAdoo issued a statement requesting bankers to report to him the names of any persons attempting to intimidate them in connection with making subscriptions to the Liberty Loan, and promising that prosecutions to the full extent of the law would follow. The Secretary's statement was prompted by reports from various parts of the country that depositors have threatened banks with withdrawals if they subscribed to the loan.

MRS. SMITH RECOMMENDS CHAMBERLAIN'S TABLETS.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.

THE CHARM OF GOOD TASTE IS ALWAYS SIMPLICITY

THE WOOL TRIMMINGS MAKE THEIR DEBUT.

NEW YORK, Oct. 22, 1917. There is a kind of breathless interest, here in New York, over the battle of the bustle and the straight silhouette. To-day, one is sure that the long skirt and tunic, in other words the straight silhouette, is triumphant; to-morrow, there may be seen so many charming examples of the bustle frock, both on the street and on the stage, that one thinks it surely will be accepted. However, at the present moment, the one-piece dress and the frock with the long tunic seems to be the favorites.

Semi-Fitted Dress of Velvet

On the stage, to be sure, the bustle is most attractive. There is something very graceful about the fall of soft materials in pleats or drapery, whether it be at the side or in the back. Sashes, too, are used to obtain this effect, thus slightly breaking the straight line. The materials are usually velvet or duvetin, in any of the soft shades of the present season.

Simplicity Plus Charm

The slogan of "American Fashions" has brought out some wonderfully interesting things. Indeed, there is no reason why the American designers should not be the best judges of the styles most becoming and appropriate to the American woman. The slightly fitted waist, not unlike the first form of the basque, has a piquant charm when combined with the tunic that is longer in the front than the back, and the ankle-length skirt. It is truly the costume of the lady, and the illustration here shows some of the newest features of this style. The points of the waist are weighted with balls and cains in the form of amber beads. The beads are used instead of a tie, too, coming from under the collar. The velvet of the dress falls in charming folds, and the pointed collar and deep cuffs are of heavy satin. Needless to add that this is a costume for those occasions when one wishes to be particularly well-dressed, without having that "dressed-up" feeling.

And Now Wool Trimmings

From Paris, uncensored, comes the report of something new in the trimming line! The vogue for knitting and crocheting has received so much interest in that interesting art that a new fad has sprung up. Wool trimmings are used on everything, from the simple serge dress to the more elaborate costume. There the bands for hats, belts, sailor collars and cuffs, all in shades soft or brilliant, as the occasion demands. These trimmings are even in some cases supplanting the use of fur on suits and coats. Shawl collars, made of angora or brushed wool, are considered very modish. Ball trimmings, crocheted in bright colors, and round flat flowers of wool embroidery, can be used for both hats and dresses. Just think how smart you can be, with very little effort on your part, if you can knit or crochet and can spare the time from the dull-gray and olive-drab sweaters you are turning out by the wholesale for the sailor and soldier boys! The work goes quickly and is pleasant, besides being very effective.

The Suit for Afternoon Affairs

After all, there is nothing that can take the place of the coat suit, that old stand-by of ours. Made of velvet, velveteen or any of the soft woolen materials, it can be trimmed with fur, velvet, or left untrimmed, just as it pleases you. The one illustrated here is very simple indeed, the side-panel effect of the coat is one of the newest features of this season. Here the straight sil-

Fired With Patriotism, Russian Youths Enlist To Form "Battalions of Death"

If there is any question as to whether patriotism is dead in Russia, a glace at this picture will answer it. Here, in Petrograd, the youth of the new republic shows a small portion of a great throng of peasant boys—many of them still in their teens—who are signing up to enter the service. Like the women who have gained world-wide renown for their courage as fighters, lads of about the age of these have formed "Battalions of Death" in many districts of Russia. These boys are enlisting to serve in one of them.

houette is apparent; the tight sleeves and the narrow skirt seem to emphasize it.

And So It Goes

Do you remember your dresses of 1913, the year before the war? If you have any of them put away, get them out, for the style of to-day

The Straight-Line Silhouette

seems to be returning to that year for inspiration. Skirts are tighter than they have been. The much-talked-of bustle is not unlike the drapery we wore then, and the sleeves are very much the same. Of course, there are small changes, and big ones, too, that every one can see.

There is a fascinating little shop just off of Fifth Avenue, that lays great stress on "type." What is your type? Do you look best in the long straight things that give height and slenderness? Or are you slender enough, and so can look like a Princess Charming in the bustle effect? Whatever it is, stick to it. This year you can, and you will be backed by famous designers no matter which of the two silhouettes you choose!

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross, Feverish, Sick, Bilious, Give Fruit Laxative at Once.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and indigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

RHEUMATISM IS PAIN ONLY, RUB IT AWAY.

Instant Relief From Pain, Soreness, Stiffness Follows a Rubbing With "St. Jacobs Oil."

Stop "dosing" rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson out comes the rheumatic pain and distress. "St. Jacob's Oil" conquers pain! It is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia and reduces swelling.

Limber up! Get a small trial bottle of old-time, honest "St. Jacob's Oil" from any drug store, and in a moment you'll be free from pains, aches, and stiffness. Don't suffer! Rub rheumatism away.

CHAMBERLAIN'S COUGH REMEDY THE MOST RELIABLE

After many years' experience in the use of it and other medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirsstein, Greenville, Ills., writes: "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."
